Due to the increased volatility in propane price we are now offering fixed price and budget pay programs! We are offering these programs before the winter weather arrives and you will be able to pre-buy all of your annual needs.

We will be offering 3 new programs this year:

Fixed Price Pre-Buy – Estimate your yearly consumption and multiply your pre-buy price times that many gallons. You get that fixed price until those gallons are used up. We deliver them to you on a “keep full” basis every month.

Budget Pay - is the simplest plan ever! Based on your average annual usage, we set you up to pay fixed payments all year long. Budget payment plan customers receive the following benefits:

- Customized payment schedule based on your budgetary needs, even if you need to skip a month!
- Budget Pay customers are put on our “keep full” program with monthly deliveries.
- We provide you with convenient monthly coupons to make payments, or by choosing our credit card payment option, we can automatically run your payment through your credit card every month.
- Comfort and security in knowing you won't be hit with a large bill after every delivery! (*continued*)

(Propane, cont'd)

Automatic Route – This free program offers you the comfort of knowing you don't have to do anything! When you are on Automatic Route with Co-op Propane, your driver services your tank and keeps you from running out year-round! You are also guaranteed to get .10 cents off per gallon of our regular price plus our summer fill specials.

Call if you have any questions about any of these programs. **The Fixed Price Pre-buy and Budget Pay Program contracts will need to be in our office by 5:00 pm, AUGUST 10, 2005.** Call 405-247-3600 for a contract, complete the one that fits your needs and return to us. Thank you for your business!!

WINTER CANOLA

Due to the efforts of the Chickasha Country Store your Apache Farmers Co-op is now a Roundup Ready winter canola Technology Center. Grower training and certification for Roundup ready technology and seed will be available through Apache Co-op locations. Also canola test plots will be at the OSU Research Centers in Chickasha and probably Fort Cobb.

WHAT-A-MELON-FEST

Your Chickasha Country Store is having a one day sale and watermelon feed on Saturday, July 30th with **FREE** hotdogs and sodas. Compete in the watermelon-eating contest! It will be a blast! For every hot dog given away we are contributing \$.25 to the Grady County K-9 Training Course. Come join the savings and fun while helping a worthy cause. The K-9 core will be there too.

While supplies last or until August 26, 4:30 pm, \$10 prepay discount on NH3 and \$8 prepay discount on dry fertilizer. Also Apache, Fort Cobb and Elgin will apply your dry fertilizer during the month of August for \$2.50 per acre. That is applied during August regardless of when booked. Call for details.

For the safety of our patrons and the consideration of increased liability and workers compensation costs the Apache location warehouse dock is being remodeled. The center steps have been removed. Please come to the counter first before you pull around to the dock so that we may conveniently load your order in a proper and efficient manner. We will be installing a warehouse printer so that as you order at the counter your order will be prepared for loading at the dock to expedite your valuable time.
